Research Activities: I am interested in algorithms and interfaces for improved information retrieval, as well as general issues in human-computer interaction.

Susan Dumais Homepage

1. Introduction. Convolutional Neural Network (CNN) is a well-known deep learning architecture inspired by the natural visual perception mechanism of the living creatures.

Recent advances in convolutional neural networks

Weâ€™re in the midst of a jobs crisis, and rapid advances in AI and other technologies may be one culprit. How can we get better at sharing the wealth that technology creates?

Who Will Own the Robots? - MIT Technology Review

A virtual team (also known as a geographically dispersed team, distributed team, or remote team) usually refers to a group of individuals who work together from different geographic locations and rely on communication technology such as email, FAX, and video or voice conferencing services in order to collaborate.

Virtual team - Wikipedia

Today, I am excited to announce our plans to open a new AWS Region in South Africa! AWS is committed to South Africa's transformation. The AWS Africa (Cape Town) Region is another milestone of our growth and part of our long-term investment in and commitment to the country.
