India Rising: From Regional to Global Power? Swapna Kona Nayudu The Geo-Political Context The end of the post-Cold War period was marked by the transition of a unipolar world, where the United States (US) was the sole superpower in a multipolar scenario in which the People's Republic of China (PRC) and the nations of the European Union (EU) emerged as significant players. This opened up the ...

REGIONAL POWER STATUS IN AFRICAN POWER POOLS

In international relations since the late 20th century, a regional power is a term used for a state that has power within a geographic region. States which wield unrivalled power and influence within a region of the world possess regional hegemony.

Regional power - Wikipedia

encumbered with conservation restrictions for the four largest Federal land agencies between 1964 and 1993 – the Forest Service, Bureau of Land Management, Fish and Wildlife Service, and the National Park Service.
